UINTAH BASIN HEALTHCARE

# Home Health

Care can be offered to all age groups from the very young to the very old. With the support of a loving family and services from our agency, we can offer an alternative to a nursing home for the aged, institutionalization for the handicapped, or a rehabilitation center for post-surgery and hospitalized patients. Generally, home care is appropriate whenever a person prefers to stay at home, but needs ongoing care that cannot effectively be provided by family and friends.

Services include:

- In Home IV Therapy
- Wound Care
- In Home Physical Therapy & Occupational Therapy
- Lab Draws
- Teaching and Education
- Medication Management
- PICC Line Maintenance
- Feeding Tube Teaching / Maintenance

*Our mission is to assist the people of the Uintah Basin to attain professional health care, while maintaining independence, dignity and quality of life through appropriate home care.*

# Hospice

Hospice care provides medical, psychological, emotional, and spiritual care to patients with terminal illness, as well as to their family. Hospice can help a patient remain at home in a supportive environment with quality medical care to manage pain and symptoms. The hospice team will develop a care plan to meet the needs of the patient and the family.

Services include:

- Pain Management
- Comfort Measures
- Respite Care
- Aide Services
- Social Work/Chaplain
- Volunteer Services
- Bereavement
- Coordination of Services
