UINTAH BASIN HEALTHCARE

FOR IMMEDIATE RELEASE

## PRESS RELEASE

### THE VILLA Receives Quality & Administrator of The Year Award

**September 30, 2016:** The Utah Health Care Association's Fall Convention on September 27th held some good news for Uintah Basin Rehabilitation and Senior Villa. The Villa has received the 2016 Bronze Quality Award from the American Health Care Association and the National Center for Assisted Living. In addition, The Utah Health Care Association named Jeff Chamberlain it's Administrator of the Year.

As a Bronze award recipient, The Villa has demonstrated its commitment to a rigorous quality improvement program. Winning the Bronze Award is the first step in the AHCA/NCAL's national quality award program. The application for the Bronze Award requires members to assess their organization's mission, vision, and other key factors that lead to success and quality care. This provides a strong foundation for the second step in the program — the AHCA's Silver Award. A celebration of all AHCA/NCAL quality award recipients will take place on October 18, 2016 in Nashville, Tennessee, during the organizations' annual convention.

Jeff Chamberlain's Administrator of the Year Award is well earned. Since becoming The Villa's administrator in May 2015, Jeff has worked tirelessly to build a team that is dedicated to providing the best long-term care and rehabilitation services in the Uintah Basin and in Utah. He has helped usher in a number of changes in personnel and processes that reflect his determination to provide compassionate care to all of The Villa's residents.

As stated in the nomination letter submitted by Amanda Hartman, Director of Nursing, "Jeff is a humble leader who supports each of his managers and allows them to shine while he remains in the background. Jeff is full of encouragement for his team and is always there when needed. Jeff has truly proven that if you care and are dedicated to the residents and team, anything is possible".

The Villa is making great strides to be the standard of excellence in promoting the health, healing and well-being of their residents and their families. Above all, they focus on providing compassionate care to every resident, every day. Please join us in congratulating them on their efforts to truly make a difference.
