## *"Owl Love You Forever" Sibling Mementos*

Brothers and sisters of angel babies struggle with loss, too. Each sibling of our angel baby families will receive a handmade owl to keep as a reminder of their baby brother or sister. Owls are created in blue, pink and tan, are made of hand-stitched felt and are stuffed with love. Owls are included in Caring for Coy Infant Loss Burial Kits and include a tag with the message "Owl Love You Forever."

Materials required for this project include felt (baby blue, pale pink, tan, gold and black), poly-fill stuffing, embroidery floss, hot/fabric glue, a quilting needle and a pair of scissors.

This project is perfect for all skill levels and ages (assistance recommended for children under 8).

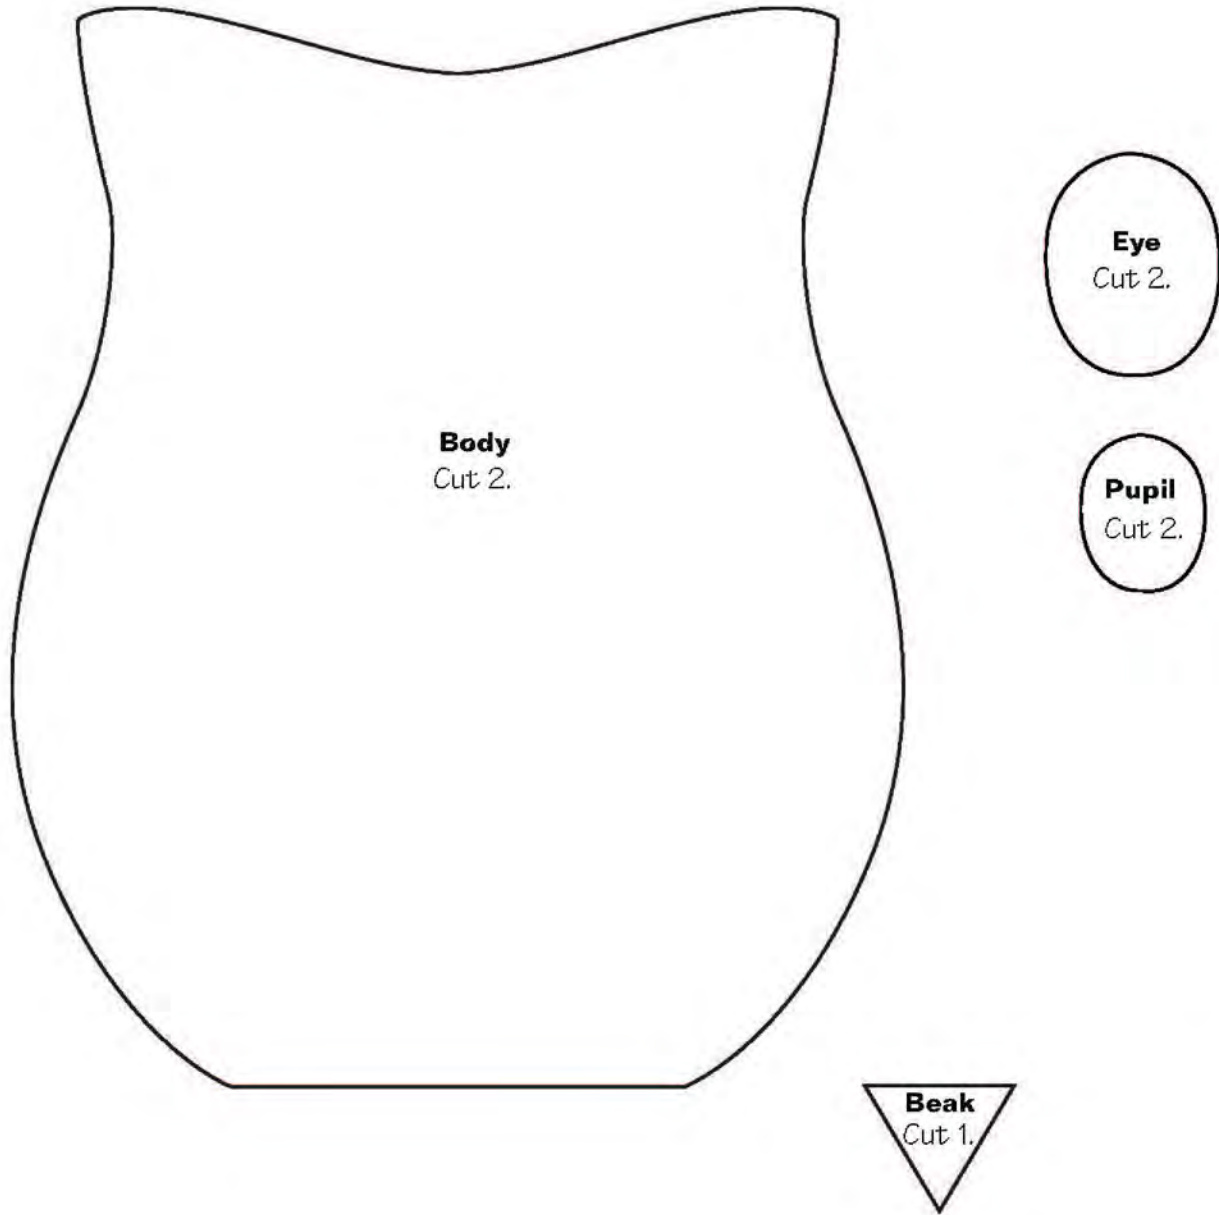

### **Step-By-Step Instructions:** (See Page 2 for Owl pattern.)

1. Using the pattern pieces found on Page 2, cut out felt pieces as indicated.
2. Using fabric or hot glue, attach Pupils to Eyes then Eyes and Beak pieces to Body.
3. When glue has dried/cooled, stitch owl body pieces together with embroidery floss, leaving 1" gap for stuffing (do not tie off floss).
4. Stuff owl body til soft and fluffy (do not overstuff), finish stitching and tie off.
5. Using a safety pin, attach the "Owl Love You Forever" note to the owl.
