CEDAR BOXES FOR INFANT KEEPSAKE ITEMS

When parents suffer the loss of their child, we provide them with hand/foot moulds, a proof of life certificate, and other keepsake items to remember their angel baby. Having a box to keep these items in is a beautiful way to present these items to the family. If you have woodworking skills, or if you know someone who would like to make boxes (approximately 10.5x13x6) for an Eagle Scout project, please feel free to contact us for details.
